## ***“Chasing The Sparks”***

*Photojournalism of Roland Oxton, Stanley Forman and Robert Wilson*

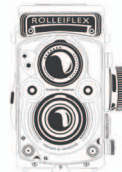

A new exhibition at 41Gallery features news photography from an era where unrestricted access to news events, ingenuity and a knack for being in the right place at the right time always produced great photojournalism, captured dramatic moments and often... award winning results!

***“Chasing The Sparks”*** brings together three photographers whose work spans several decades of news photography in the greater Boston area. The photographers, all with a North Shore connection, strive to capture moments... sparks if you will, that communicate the essence of the scene unfolding before them. This exhibit showcases some of the best examples of those efforts.
